Notes

¹ Compound must be received by 11 AM for same-day service.

² A special request is required for samples less than 5 mg.

³ For same day service requests, attempts will be made to email data by 8 PM central time. Occasionally, sample queues are too long to complete all same-day analysis requests.

All prices are in US Dollars and subject to change. Widespread inflation has forced us to increase our prices for 2022.

NMR samples can be returned for \$50 plus actual shipping cost. Dry ice and speciality packaging extra.
